1ST YEAR STUDENT R. KARTHIK (961232) GOT SELECTED FOR THE MEETING OF NATIONAL INNOVATION CLUB MEMBERS AT RASTRAPATHI BHAVAN, NEW DELHI

Director, Coordinator, Staff and Students of NIT-Andhra Pradesh congratulate R. Karthik, 1st year Metallurgy student for getting selected for the meeting of “National Innovation Club Members” on 8th March 2017, at Rastrapathi Bhavan, New Delhi. He is one among the 16 students got selected for the meeting from all the centrally funded Institutes. R. Karthik is going to presenting two of his innovations at the meeting in front of the members of the Innovation Clubs from all over the India. He has been working on Bouy piston Magnetic system used to generate electricity from the oceanic waves and Radio Frequency energy harvester. These two ideas got the attention of the Committee members of the National Innovation Club members and leading to an invitation to participate in the 3rd National Innovation Club Meeting at Rastrapathi Bhavan, New Delhi.
