DEPARTMENT OF BIOTECHNOLOGY

## ILLUMINARE X GEN NEX'25

ILLUMINARE X GEN NEX'25 is an event conducted by the 2<sup>nd</sup> years of Department of Biotechnology for the juniors (Batch-2025). The primary objective of this event is to guide and support freshers as they begin their academic journey on campus and adapt to the college environment. This event is meant to be the guidance for their upcoming days in the campus. It serves as a platform for sharing valuable insights related to academics, laboratory work, extracurricular activities, and overall campus life. The event consists of interactive sessions with seniors, which encourage open communication, help build confidence among juniors, and foster a friendly and supportive relationship between different batches within the department.

### **THE EVENTS CONDUCTED WERE :**

1. INTERACTIVE SESSION
2. GUESS THE PLACE
3. GIRLS DANCE
4. MUSICAL BALL

Interaction between freshers and seniors plays a crucial role in shaping a positive and supportive academic environment. Freshers' Day provides an ideal platform for new students to connect with their seniors, helping them feel welcomed, comfortable, and confident as they begin their college journey. Through open interaction, freshers gain valuable guidance on academics, campus culture, and extracurricular opportunities, while seniors develop leadership, communication, and mentoring skills. Such interactions help bridge the gap between different batches, promote mutual respect, and foster a sense of unity and belonging within the institution, ultimately contributing to a healthy and collaborative campus atmosphere.

## **1. INTERACTIVE SESSION**

**Event date :** 25<sup>th</sup> October 2025

**Event time :** 10:00 AM – 11:00 PM

**Venue :** MMM021

### **ABOUT THE EVENT :**

This event also included an interactive session with passed-out seniors who are currently placed in reputed and responsible positions. Three alumni — Shreyash Gore (Batch–2020), Venkat Sai Reddy (Batch–2020), and Aseem Gupta (Batch–2021) — actively participated in the session. They shared their valuable knowledge, practical insights, and personal experiences with the students, providing guidance on academics, career planning, and professional growth. Their interaction helped students gain clarity about future opportunities and enabled prospective graduates to learn from real-life experiences, thereby avoiding common mistakes and making informed decisions in their academic and professional journeys.

## **2. GUESS THE PLACE :**

### **ABOUT THE EVENT:**

This event, “GUESS THE PLACE,” is a fun and engaging activity designed to encourage active participation from the freshers. The main motive of this event is based on a simple question: “How well do the freshers know the campus?” A video file displaying different areas of the college in a blackened or partially obscured format was shown to the participants. The students were required to carefully observe the visuals and correctly guess the respective buildings or locations. This activity aimed to assess the freshers’ familiarity with the campus infrastructure and available facilities. For those who were not fully aware of the campus layout, the event served as an effective way to help them discover and become familiar with various facilities, thereby increasing their confidence and comfort within the campus environment.

### **3. DANCE PERFORMANCE :**

#### **ABOUT THE EVENT :**

An small mesmerizing dance performance was performed by first year girls.

### **4. MUSICAL BALL :**

#### **ABOUT THE EVENT :**

The musical ball game was a lively and entertaining activity that added energy and enjoyment to the event. Boys formed in a circle and passed the ball to one another while music was played in the background. When the music stopped, the student holding the ball was asked to introduce themselves or perform a simple fun task. This game helped break the ice among freshers, promoted active participation, and created a cheerful atmosphere.
