Organized by

Centre for Research Innovation
Incubation & Consultancy (CRIIC)
National Institute of Technology,
Andhra Pradesh

About the Institute

National Institute of Technology, Andhra Pradesh is the 31st institution among the chain of NITs started by the Government of India. NIT Andhra Pradesh is established in the state of Andhra Pradesh from the academic year 2015-16. The institute is striving to offer excellent facilities for advanced research in the emerging areas of Science and Technology.

About the Centre

“Centre for Research Innovation Incubation & Consultancy (CRIIC)” of NIT Andhra Pradesh with the verticals Research & Consultancy and Innovation Incubation & Entrepreneurship aims to strength the research profile of the institute and acts as interface for all the research projects and consultancy works. Further, the cell targets to strengthen Institute Innovation-entrepreneurship eco-system.

CRIIC Vision

To create self-sustainable business incubation facility and innovative eco-system for the benefit of all for promoting advancement in science and technology

About the Programme

This five day online workshop will enable students, scholars and faculty members to get sensitized in innovation, incubation and entrepreneurial activities, thus creating a robust start-up ecosystem in academic institutions.
