NOTE:

- The course registration is mandatory for scholars who must register for courses as a part of their course work to satisfy the credit requirement.
- It is important to note that if scholars are supposed to register for such courses offered in even semester, then they must complete “course registration” before the “Semester cum Research Registration” of the corresponding even semester.
- They must attend the classwork accordingly as and when the classwork is started for registered courses to meet attendance criteria.

Applicable only to scholars who registered for courses offered at institute/ self-study as a part of course work. For MOOCs the standard regulations apply.
