No. NITANP/SACD/2025-26/216   Date: 23-02-2026

NOTICE

Sub: Seeking nomination of students for summer internship as part of MoU with IIT Madras – Regd

Ref: MoU with IIT Madras & Email communication from IITM on 02.02.2026

This is to inform all current 6th semester B.Tech students of NIT Andhra Pradesh who are interested in pursuing their 7th and 8th semesters of B.Tech at IIT Madras, if selected, with an intention to do a direct Phd/MS by research program at IIT Madras if selected, to submit the following documents to the exam section on or before 27.02.2026. Applications received after the deadline will not be considered.

1. Name and roll no./registration number of students, and the department at IITM in which you wish to continue your studies.
2. Curriculum Vitae of each student
3. Official Grade Card/Marks sheet
4. A short (not more than 1 page) 'Statement of Purpose' (SoP) from the student. The SoP should typically include information like:
    a. Why do you wish to apply for this programme?
    b. Why do you wish to do a PhD / MS by research program at IIT Madras?
    c. Any scientific area that excites you?
    d. Any specific research ideas for your major project?
    e. Any other information that is helpful to evaluate your candidature.

Selection Process

1. Nomination list of interested/meritorious students from various departments will be sent to IIT Madras. (These students should be within the top 10% of their class). Minimum CGPA of 8 (out of 10) is required and the students should not have any backlogs or failures.
2. IIT Madras will be shortlistling the students.
3. The shortlisted students have to do a summer internship (with stipend Rs. 15,000 per month) for 2 months at IIT Madras during **18 May - 17 July, 2026** so that their faculty members can assess their capability to purse a PhD / MS by research program. **Please note this is mandatory**, if you wish to be considered further.

4. Towards the end of **July 2026**, IITM will intimate the list of selected students for continuing for 7th and 8th semester of B.Tech.

5. The courses to be completed by the students in their 7th and 8th semester of B.Tech must be based on the requirement for B.Tech prescribed by their parent institution. (Note that their degree certificate will not contain the name of IIT Madras).

6. It may be noted that IIT Madras will only issue the grade card containing the course number and title, credits (as per IITM's new credit system), grade and attendance in the course.

7. Students should maintain a minimum CGPA of 8 after each of the two semesters they spend at IIT Madras in order to continue in the programme. Otherwise they will be transferred back to their home institution.

8. Students who maintain good academic standing (such as the CGPA criterion mentioned above and their performance in course projects, and/or other selection criteria determined by the departments) will be recommended by the Heads of the respective departments at IIT Madras for continuation in the MS/PhD programme at IIT Madras. These students **need not apply** for direct PhD / MS by research program on the IITM research portal for admission.

NOTE:

1. Only those students who really wish to continue at IIT Madras for direct PhD / MS by research program may apply. This is not a mere 7th-8th semester exchange programme. The intention of the programme is to train students in their 7th and 8th semester of B.Tech and help them get acquainted to the IITM standards and environment, before they eventually enrol in MS or PhD programme at IIT Madras.

2. The students need to clearly indicate which department they wish to continue for further studies in PhD / MS by research program, so that IIT Madras can try to enable their academics in their 7th and 8th semester of B.Tech in that department. However, the choice of department may be made judiciously. Students with no prior background whatsoever, in terms of courses/projects undertaken, are unlikely to be considered for higher studies in a department different from their original course of study.

Timelines:

Sl. No.	Action item	Timeline
1.	Nomination of students	**27-02-2026**
2.	Shortlisting by the departments at IIT Madras for summer internship	**10-04-2026**

3.	Offer letters for summer internship to be released by	12-04-2026
4.	Internship	18-05-2026 – 17-07-2026
5.	Intimation of selected students for continuing in 7th/8th sem B. Tech	25-07-2026
6.	Classes for next semester to begin at IIT Madras	27-07-2026

Departments at IIT Madras:

1. Aerospace Engineering
2. Applied Mechanics & Biomedical Engineering
3. Biotechnology
4. Chemical Engineering
5. Civil Engineering
6. Computer Science & Engineering
7. Data Science and AI
8. Engineering Design
9. Electrical Engineering
10. Mechanical Engineering
11. Medical Science and Technology
12. Metallurgical & Material Engineering
13. Ocean Engineering
